

## AFO-GT2 GROSS WEIGH BAG FILLING SCALE

### FEATURES

---

- Up to 12 bpm rate
- Ideal entry level or start-up scale
- Adjustable flow gate
- Non-concentric bag clamps for positive grip
- Pneumatic bag clamps with automatic bag release

The AFO-GT2 of open mouth baggers use a patented self-damping beam scale for reliability and accuracy when filling bags. The flow control regulates the speed of material going through the scale and can be adjusted for light or heavy density material. The AFO-GT3 features a pneumatic cut-off gate and pneumatic bag clamps for ease of operation.

### SUITABLE FOR A WIDE RANGE OF PRODUCTS INCLUDING

---

- Grain
- Seed
- Stockfeeds
- Granular free-flow products
